What if I Need more than 8 Devices?

In a larger more complicated premises a survey is needed in order to properly establish the level of security coverage required and how long the installation will take. In the majority of premises it will be a routine visit and need not take very long but in some businesses where the risk is substantial it may take a little longer.

Call us and we will make a suitable appointment to discuss your particular situation. Our advice is totally free and without any obligation.

Where Will The Devices Be Fitted?

On the day of Installation our highly trained and experienced Engineer(s) will discuss with you the best position for each device.

What is A Key Holder Advisory Service?

You provide us with the name and contact details of up to four people. In the event of an alarm activation a signal will be sent to our 24 hr manned receiving centre. We contact each key holder in the order set by you until contact is made and we are advised that one is taking the appropriate action.

We can also set up a security procedure to prevent any accidental mis-operations being passed to your key holders.
